

## Instalação do Gerenciador de Token Certisign (Token Antigo)

Para instalar Gerenciador de Token Certisign em um computador fora da rede do TRT16, fazer:

- 1. Baixar o instalador em https://www.trt16.jus.br/teletrabalho;
- 2. Executar o arquivo baixado ("Safenet\_Authentication\_Client\_8.1SP2-x64.msi");
- 3. Em alguns casos o windows pode pedir confirmação para realização da instalação, nesses casos, basta clicar em "**Executar**", para prosseguir com a instalação.
